ACCESSIBILITY RESOURCES

Marian University, in accordance with its Mission and Core Values is dedicated to maintaining an inclusive and accessible educational environment which ensures individuals with disabilities an equal opportunity to participate and benefit from its programs, services and activities.

To ensure equal access to its programs, services and activities, the University is committed to providing reasonable accommodations, including appropriate auxiliary aids and services, academic adjustments (inside or outside the classroom), and/or modification to the University's policies and procedures, to qualified individuals with disabilities, unless providing such accommodations would result in an undue burden or fundamentally alter the nature of the relevant program or activity.

For additional information on Marian's Policy Applying to Nondiscrimination on the Basis of Disability or to request accommodations, contact the Director for Accessibility Resources at the Center for Academic Support & Excellence, Administration Building Room 218

ATTIRE

Students are required to dress appropriately when attending classes or visiting campus buildings. Shirts and shoes are required in all campus buildings, with the exception of residence facilities.

AUTOMATED TELLER MACHINE

There is an automated teller machine (ATM) located in the Hornung Student Center. The ATM is owned by National Exchange Bank and Trust and does have a transaction fee associated with it for users who do not bank with National Exchange.

CAMPUS DINING

Campus Dining, located in the Hornung Student Center, serves the daily dietary needs of Marian University students and coordinates all special food and beverage requests on campus. Marian's

contract with Sodexo Food Services states, all events held on the Marian University campus must utilize Sodexo services.

Meal Plan

Every Marian University residential student is required to have a meal plan. All first-year students are required to have one of the Unlimited meal plans. Upper class students living in residential facilities that provide a full kitchen, may choose any of the four meal plans: 75 Meal Plan plus 60 points, 180 Meal Plan plus 300 points Unlimited Meal Plan plus 60 points or the Unlimited Meal Plan plus 160 points. All meal plan changes must take place before the add drop dates of each semester. If students wish to change meal plans, they must email the Student Life Operations Coordinator Sue Pankratz at sjpankratzi8@marianuniversity.edu stating they wish to change their meal plan and also what plan they want to receive. Unused meals from the fall semester are forfeited if the student does not purchase a meal plan for the spring semester. Points are carried over year to year if the student carries 12 credits or more. It is the student's responsibility to utilize his/her meal plan effectively.

Snack Points

All full-time undergraduate students, including commuter students, receive \$60 in Snack Points per semester, which may be used at Erbert & Gerbert's Bistro, and the HSC Dining Room. Commuter meal plans, Faculty/Staff Meal Plans and extra meal points may be purchased anytime by going to marian.sodexomyway.com.

Erbert & Gerbert's Bistro

meal container is not purchased, taking food out of the HSC Dining Room is prohibited. Throwing food or causing disarray in the dining area is strictly prohibited, as well as playing personal sound-producing devices (i.e. iPods, stereos, computer or cell phone speakers) and bringing carry-ins (food/beverages). Sodexo also asks that all utensils and dishware stay in the dining room.

CAMPUS SAFETY

Marian University prides itself on providing a safe environment for its students and employees. Prevention and vigilance assist the entire University community in ensuring this safe environment. It is recommended that all members of the University community are attentive to general safety around campus.

The cooperation, involvement, and personal support of all members of the Marian University community are crucial to the success of the campus safety program. Everyone must assume responsibility for his/her own personal safety and security of personal belongings by taking precautions.

General Safety Around Campus

The following are recommended safety steps:

- Report anyone who behaves suspiciously to Campus Safety.
- Never prop open doors.
- Never leave belongings unattended in a lounge or common area.
- While in class, lab, or the library, keep personal belongings in view.
- Avoid using stairs in remote sections of buildings.
- Avoid working or studying alone in a building at night.
- If being followed, act suspicious. To discourage the follower, look back frequently, change directions, or vary walking pace.
- Stay in well-lit areas and away from alleys, entryways, and bushes.
- If a purse or handbag must be carried, keep it close to the body.
- Walk with a buddy whenever possible. Campus Safety is available for escorts to and from locations. To contact Campus Safety, call 923-8950.
- Stay near other people. Avoid shortcuts through parks, vacant lots, and other deserted places.
- Be aware of the locations of emergency poles on campus.

Crisis Plan

Marian has a crisis plan to better enable the University to protect and support guests and members of its community; enhance the University's ability to communicate with internal and external constituents; enhance the ability of the University to quickly recover from loss or damage to facilities, equipment, or grounds; facilitate the continuation of University business

operations and/or University business recovery procedures; assure compliance with regulatory requirements of federal, state, and local agencies; and enable the University to utilize multi-perspective approaches in an organized manner to generate creative problem-solving solutions in a crisis. To review the entire policy, refer to the Emergency Information tab on MyMarian.

Emergency Evacuation Procedure

In an emergency situation (fire, bomb threat, explosion, etc.) the following steps should be followed:

1. Shut all windows.
2. Leave lights on.
3. Wear shoes.
4. Take towel to cover face in case of fire.
5. Close doors but leave unlocked.
6. Walk quickly to nearest exit; do not use the elevator.
7. Remain calm.

Failure to evacuate the premises within a reasonable time, to cooperate with University personnel, or to prematurely re-enter the building when alarms sound may result in disciplinary action.

Emergency Poles and Equipment

Emergency poles are located throughout the campus to assist students in the event of an emergency or to alert Campus Safety of a situation requiring immediate attention. After activating the emergency pole via the push button, the light will flash, and an announcement will sound at the location and to the radios carried by University officials on campus. After the announcement, there will be a few seconds to speak into the microphone on the box to state the emergency. Personnel will promptly respond to the location of the call. Emergency poles are located in front of the Administration Building, behind Regina Hall, and in the parking lots of the Courtyards, Naber Hall, Stayer Center, Townhouses, Cedar Creek, Herr Baker and Smith Fields.

Automated External Defibrillators (AEDs) are located in the Administration Building, Courtyards, Ben Sadoff Gym, Hornung Student Center, Naber Hall, Regina Hall, Stayer Center, Lenz Field House, Dr. Richard and Leslie Ridenour Science Center, CY 6, Cedar Creek 779 and Agnes Center.

Emergency Situations

Students should report emergency matters requiring immediate attention. Depending on the situation, emergency situation calls should be made to the Residence Hall Director,

One-Stop, or Campus Services (for plumbing, mechanical, or structural issues). Emergency situations include serious accidents, illness, serious policy violation, plumbing, or electrical failure and similar matters. Critical situations should be reported directly to the Fond du Lac 911 emergency line. After a 911 call is made, notify Campus Safety.

Fire Extinguishers

Fire extinguishers are located in all residence facilities and throughout the campus. Setting off or tampering with alarms when no fire or threat of fire is present, smoke detectors, or fire extinguishers is strictly prohibited. Federal law states that unnecessary discharge of a fire extinguisher may result in a \$5,000 fine and/or five years in a federal penitentiary.

Fire Safety and Equipment

In the event of a fire or fire drill, it is the individual's responsibility to leave the building immediately. All individuals should proceed to the nearest exit and remain at least 50 feet from the building until the all-clear signal has been given by the fire department or University personnel. Evacuation plans are located throughout each building. Any individual who refuses to leave the building for a fire alarm may be fined up to \$500. Tampering with fire safety equipment is a serious offense, which is subject to legal and disciplinary action.

In the event of a fire, the following steps should be followed:

1. If a fire is sighted or suspected, the nearest alarm should be sounded immediately. If time permits, call 911 and notify authorities of the exact location of the fire. Everyone should maintain their own safety at all times.
2. Do not, under any circumstances, use an elevator when a fire has been sighted or when a fire alarm is sounding.
3. Exit the building quietly and quickly from the nearest hallway or stairwell.
4. If any person is not accounted for, notify Marian University personnel.
5. Persons may return to the building only after an all-clear signal has been given by Campus Safety or Fire Department personnel.
6. Persons should familiarize themselves with emergency exits and fire alarm locations.

Tornado Safety

In the case of a tornado warning, all individuals are encouraged to proceed to the designated "safe place" of the building in which they are present. If at any time the National Weather Service, state, or local police communications indicates that Marian University is in the path of an approaching tornado, notification will be sent in addition to the sounding of sirens in the Fond du Lac community.

All persons should seek immediate shelter from the approaching tornado. The outside siren is the only existing signal used by Marian University. Consequently, it is very important to listen for

this siren when weather conditions are likely for a tornado. All persons should leave a room if it contains windows or one or more of the walls are an existing outside wall. Individuals should move to the basement, or lowest floor possible, and stay away from windows. Elevators should not be used in case of a power failure. Once in a "safe place," individuals should sit down on the floor and use their arms to cover their head and face, protecting them from flying objects.

Remember:

- Do not leave the building unless otherwise instructed.
- Seek shelter immediately.
- Do not use elevators.
- Stay clear of large, open areas (i.e. Sadoff Gymnasium floor).
- Stay clear of windows.
- Stay calm and protect the head and face from any flying objects.
- If there is no time to go to a "safe place," seek shelter in the present location (i.e. if in a classroom, go under a desk).

Vehicle Safety

- Vehicles should be parked in lighted areas and kept locked at all times.
- Valuables should be concealed.
- If a vehicle is not driven on a regular basis, it should be checked and moved occasionally to avoid making it a target of a break-in.

CHANGE OF ADDRESS

Every student is responsible for notifying the Office of the Registrar of any change of local or home address and/or telephone number, including cell phone number.

The Office of Admission, located on the 3rd Floor of the Stayer Center for Technology & Executive Learning, assists new international students throughout the admission process. The Office of Registrar located in room A112 in the Administration Building, serves as the primary contact for enrolled students. The Registrar, as Marian University's Designated School Official (DSO), assists students in the student visa process throughout their time at Marian University. International students are required to meet with the Registrar's Office at the beginning and end of each term to ensure students do not experience any issues with their enrollment or visa status. Academic Advisors are assigned to international students just as they are to all other students at Marian University. The student's academic advisor serves as the primary contact for most academic related assistance such as course scheduling, program progress, and other academic advising activities.

Important Reminders

All international students younger than 21 and having fewer than 64 university credits are required to live on campus. A completed health form, including TB skin test results, is required and must be on file by August 1 for the fall semester and January 1 for the spring semester. Additionally, all international students are required to carry health insurance and must supply proof of health insurance prior to registering for courses.

MARIAN UNIVERSITY SEAL

The seal of the University contains the motto *Sicut Lilium Inter Spinis* (from the Latin "As a Lily among Thorns"). A circle of thorns surrounds the center portion of the seal, which features a torch (the symbol of wisdom) emerging from the lily (a symbol of Mary, the Mother of Jesus). Sr. Vera Naber, first Academic Dean and third President of the University, designed the seal in 1937 for the purpose of authenticating transcripts. A replica of the seal in ceramic tile mosaic, the work of Sisters Pascal

Lowes and Agnessa Ruder, is in the lobby of the Administration Building. Another replica exists cast in the concrete of the Donna Roggentine Plaza near the flagpoles.

MYMARIAN

General information for the University community is posted on MyMarian. To submit an announcement or event, contact the Office of Student Involvement, Student Senate, or a student organization adviser.

ONE-STOP

One-Stop is located in the main hallway of the Hornung Student Center. This area is intended to serve as a central location to meet the needs of members of the University community. At One-Stop, students may obtain their Marian University ID; request forms for various activities; register a guest; file maintenance requests; ask directions; check out games and game supplies, pick up packages; check the lost and found; and seek information regarding campus activities. You can call One-Stop at 920-923-8555 or email at muos@marianuniversity.edu.

PARKING

When bringing a vehicle to the Marian campus, all laws imposed by the State of Wisconsin and the City of Fond du Lac, as well as policies enacted by the University to regulate traffic and parking, must be obeyed. Marian University is empowered to enforce these laws and policies and levy fines for infractions. Marian University reserves the right to have illegally parked cars towed at the owner's expense. Parking policies at Marian University are subject to change at the discretion of the administration of the University, city ordinance, or state law.

Every motor vehicle parked in a Marian University parking lot must display a current Marian University vehicle registration permit sticker. The permit sticker must be placed on the lower right corner of the passenger's side of the windshield. Students may purchase an annual parking permit from through the parking portal on the Campus Safety and Security page on my.marianuniversity.edu for a cost of \$60. This permit is valid only for the academic year in which it is purchased. Parking permits are non-refundable.

If a parking permit is lost or stolen, the student will be required to purchase a new parking permit to continue parking on campus. Outdated parking permits must be removed from vehicles each year. Please note: purchase of a permit does not guarantee parking availability. Moreover, a permit and/or on-campus parking privileges may be revoked for continual non-compliance with policies.

On-campus parking in non-restricted areas of the campus is allowed on a first-come, first-serve basis. All parking areas, fire lanes, handicapped spaces, and other restricted areas are marked. These areas should be left open 24 hours a day, seven days a week. Resident students may park in the fire lane for unloading purposes no longer than 15 minutes and must turn on emergency

flashers. The guest spaces throughout campus are reserved for non-Marian patrons only (members of the University community are not permitted to park in these spaces). There are limited spaces available for student parking near the Duplexes and Cedar Creek Apartments. However, not all residents in the Duplexes and Cedar Creek Apartments are assured parking spaces in that area. Available Duplex parking lots may only be used by residents of the respective Duplex. The remaining residents of the Duplexes and Cedar Creek Apartments must park their vehicle in the Courtyard, Naber Hall, Regina Hall, Stayer Center, or Townhouse parking lots.

Parking or campus safety personnel will ticket vehicles illegally parked on campus, and city police may issue city parking tickets for vehicles illegally parked in fire lanes and handicapped spaces. The University does not have the authority to void city-issued tickets.

Fines for parking violations are as follows:

- No Parking Permit — \$20 fine. The first violation will be voided if the student purchases a parking permit.
- Improper Parking — \$25 fine (examples include but are not limited to: parking in the Stayer Center and Todd Wehr Alumni Center Guest parking area; parking on grass, sidewalks, or perimeters of parking lots or driveways; taking up two parking spaces; parking in a no-parking zone, parking in reserved parking spaces).
- Fire Lane/Handicapped Parking — \$30 fine.

*Note: Parking violations may be appealed up to seven days after issue. Violations paid within the seven days will result in an early pay discount of \$5 off violation. Failure to pay within 14 days of a violation will result in an increase of \$10. Parking appeal forms are available on the parking portal. Any unpaid fines will be added to the student's account.

Marian University assumes no responsibility for the vehicle or protection of any vehicle and its contents while on campus property.

Guest Parking Permits

Temporary guest parking permits are available at One-Stop. (Marian University students who are registered for classes are not classified as guests.) Guests are encouraged to obtain temporary permits that allow parking in all general parking areas of the campus. Temporary guest permits are limited to three days. Students enrolled at Marian University are limited to two (2) temporary permits per semester.

Parking for Trailers, U-Hauls, etc.

Vehicles transporting trailer beds, U-Hauls, etc., are required to park in the Stayer Center parking lot along the perimeter in order to not disrupt the flow of traffic. No other parking lots on campus are large enough to accommodate these needs.

Snow Removal

In the case of heavy snow during the winter, Campus Services will plow campus parking lots and clear sidewalks as quickly as possible. Notices will be sent to the University community to vacate specific lots. Failure to remove a vehicle during the notification period will result in the ticketing and/or towing of the vehicle at the owner's expense.

Visitor Parking

Visitors may park in the designated parking spaces in the Stayer Center or Regina Hall and the Business Office parking lots.

Winter Parking Ordinance for the City of Fond du Lac

It is the responsibility of each student to become familiar with the parking laws of the City of Fond du Lac. From November 15 until March 15, the Fond du Lac Police Department will enforce the winter parking ordinance daily from 8:00 p.m. until 8:00 a.m. The ordinance is based on a commonly used odd-even concept. On even calendar days, students may only park on the even address side of the street (i.e. the south side of Division St.). On odd calendar days, parking is allowed only on the odd side (i.e. the north side of Division St.).

SAMMY THE SABRE MASCOT

Sammy the Sabre is a representative of Marian University and shall not interfere with any athletic competition or scheduled event. TITLE IX

As a Catholic institution, Marian University is rooted in respect for the inherent dignity of each person. The University fosters a campus community that is inclusive of persons of diverse backgrounds and faiths and does not tolerate discrimination in any form by any University employee or member of the student body. The following policies and procedures reflect this commitment as well as the University's ongoing compliance with applicable federal and state laws and regulations. It is your responsibility as a member of the Marian University Community to review and abide by these policies and procedures.

It is the policy of the University to provide an educational, employment, and business environment free of all forms of Sex Discrimination. The sexual harassment of University students, faculty, and staff by non-University employees and guests doing business or providing services on campus (e.g., contractors and vendors) also is prohibited by this policy. This policy applies to all University students, faculty, and staff, to other members of the Marian University Community, and to contractors, consultants, and vendors doing business or providing services to the University.

Marian University is committed to investigating all possible violations of this policy about which the school knows regardless of whether a complaint alleging a violation of this policy has been filed and regardless of where the conduct at issue occurred. The University's ability to investigate in a particular situation, or the extent of the investigation in any given situation, may be affected by any number of factors, including whether the complainant is willing to file a complaint or to consent to an investigation, the location where the alleged conduct occurred, the timeliness of the complaint and the University's access to information relevant to the alleged or suspected violation of this policy. The University is nonetheless committed to investigating all alleged and suspected violations of this policy to the fullest extent possible under the circumstances.

Marian University's entire Title IX policy may be accessed on MyMarian at <https://my.marianuniversity.edu/engagement/SRR/Pages/Title-IX.aspx>.

JEANNE CLERY DISCLOSURE OF CAMPUS SECURITY POLICY AND CAMPUS CRIME STATISTICS ACT AND ANNUAL FIRE SAFETY REPORTS FOR MARIAN UNIVERSITY

Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, as a part of the Higher Education Act of 1965, is a federal law that requires colleges and universities to disclose certain timely and annual information about fire safety, campus crime, and security policies. All public and private institutions of postsecondary education participating in federal student aid programs are subject to it.

The full report and relevant policies can be accessed at <https://my.marianuniversity.edu/engagement/SRR/Pages/Clery.aspx>

FERPA FOR POSTSECONDARY INSTITUTIONS

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. These rights include:

- The right to inspect and review the student's education records within 45 days of the day the University receives a request for access. Students should submit to the registrar, dean, head of the academic department, or other appropriate official written requests that identify the record(s) they wish to inspect. The University official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the University official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.
- Students have the right to formally request the amendment of the student's education records that the student believes to be inaccurate or misleading. They should write the University official responsible for the record, clearly identify the part of the record they want changed and specify why it is inaccurate or misleading. If the University

decides not to amend the record as requested by the student, the University will notify the student of this decision and advise the student of his/her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

- The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. A school official is a person employed by the University in an administrative, supervisory, academic or research, or support staff position (including law enforcement personnel and health staff); a person or company with whom the University has contracted (such as an attorney, auditor, collection agent, or official of the National Student Clearinghouse); a member of the Board of Trustees; a student serving on an official University committee, such as a disciplinary or grievance committee; or a person assisting another school official in performing his/her tasks. A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his/her professional responsibility.

Student Code of Conduct

Section 1: Marian University Guiding Principles and Mission

Marian University as a Catholic University

Marian University is a Catholic institution that is rooted in the gospel of Jesus Christ and influenced by the Church's 21st ecumenical council, Vatican II (1962-1965). As such, Marian University promotes a spirit of dialogue, questioning, and unity within and outside of classroom learning. The morals and values of the Roman Catholic tradition are upheld in all facets of University life.

Mission Statement

Marian University is a Catholic applied liberal arts community that welcomes diverse spiritual traditions. Sponsored by the Congregation of Sisters of St. Agnes, Marian University engages students in the education of the whole person. We embrace justice and compassion and transform lives for professional service and leadership in the global community.

Human Dignity Statement

Marian University was founded on the principles of the Judeo-Christian tradition. At the very center of this tradition is the affirmation of the value and sacred dignity of the human person. This principle is the cornerstone of the Marian University community.

The Marian community strives to uphold the dignity of every person and to confront challenges to that dignity. The University does not tolerate inappropriate use of power or authority by its members, nor does the University condone any other violation of human dignity. Marian University addresses violations of human dignity through the codes and processes listed in this handbook.

These behavioral codes, as listed in this handbook, govern the conduct of members of the University community. Rules emphasizing the importance of human dignity and practices that promote appropriate respect for individuality and basic human rights are intended to encourage the Marian University community to incorporate such values into interactions with all persons, whether members of the Marian community or the larger society.

Core Values of Marian University

- **Community:** Respecting our diversity as individuals, we encourage, challenge, and nurture one another, joining together to accomplish our shared mission and vision.

- **Learning:** We engage in a collaborative lifelong process of seeking truth and appropriating knowledge and values to transform the individual, our communities, and the world.
- **Service:** Through active service and ministry, we support one another and seek to meet the needs of the larger community.
- **Social Justice:** We work to create individual and societal change which supports the value, dignity, and opportunity of every person.
- **Spiritual Traditions:** Valuing Marian's Catholic religious heritage, we respect each individual's freedom to explore a diversity of spiritual beliefs.

Section 2: How and when the rules apply

Authority

The Dean of Students is vested with the authority over student conduct by the President. The Dean of Students appoints the Director of Student Community Standards and the Director of Residence Life to oversee and manage the educational administrative student conduct review processes. The Dean of Students or his/her designee may appoint administrative conduct review officers as deemed necessary to efficiently and effectively supervise the student conduct process.

The Vice President of Student Engagement/Title IX Coordinator (or designee) will assume responsibility for the investigation of an allegation of misconduct of conduct review officer(s) to determine if the complaint has merit.

Scope of Authority

Students at Marian University are provided a copy of the Student Code of Conduct annually in the form of a link on the University website. Hard copies are available upon request from the Office of Student Community Standards, located in the Office of Student Life (HSC Office 03). Students are responsible for having read and abiding by the provisions of the Code of Student Conduct.

The Code of Student Conduct and the student conduct process apply to the conduct of individual students, both undergraduate and graduate, including distance and satellite campus learners and all university-affiliated student organizations. For the purposes of student conduct, Marian considers an individual to be a student when an offer of admission has been extended and thereafter as long as the student has a continuing educational interest in Marian.

The University retains conduct jurisdiction over students who choose to take a leave of absence, withdraw, or have graduated for any misconduct that occurred prior to the leave, withdrawal, or graduation. If sanctioned, a hold may be placed on the student's ability to re-enroll and/or obtain official transcripts and/or graduate and all sanctions must be satisfied prior to re-enrollment eligibility. In the event of serious misconduct committed while still enrolled but reported after the accused student has graduated, the University may invoke these procedures, and should the former student be found responsible, the University may revoke that student's degree.

The Code of Student Conduct applies to behaviors that take place on the campus, at University-sponsored events, and may also apply off-campus when the Dean of Students or designee determines that the off-campus conduct affects a substantial University interest¹. A substantial University interest is defined to include:

- Any situation where it appears that the student's conduct may present a danger or threat to the health or safety of him/herself or others; and/or

- Any situation that significantly impinges upon the rights, property or achievements of self or others or significantly breaches the peace and/or causes social disorder; and/or
- Any situation that is detrimental to the educational mission and/or interests of the University;

The Code of Student Conduct may be applied to behavior conducted online, via email, or another electronic medium. Students should also be aware that online postings such as blogs, web postings, chats and social networking sites are in the public sphere and are not private. These postings can subject a student to allegations of conduct violations if evidence of policy violations is posted online. The University does not regularly search for this information but may take action if and when such information is brought to the attention of University officials. However, most online speech by students not involving Marian networks or technology will be protected as free expression and not subject to this Code, with two notable exceptions:

- A true threat, defined as "a threat a reasonable person would interpret as a serious expression of intent to inflict bodily harm upon specific individuals";
- Speech posted online about the University or its community members that causes a significant on-campus disruption.

The Code of Student Conduct applies to guests of community members whose hosts may be held accountable for the misconduct of their guests. The Code may also be applied to resident non-students, campers, and high school bridge/extension/partner/dual-credit and continuing education programs by contractual agreements. Visitors to and guests of University may seek resolution of violations of the Code of Student Conduct committed against them by members of Marian community.

There is no time limit on reporting violations of the Code of Student Conduct; however, the longer someone waits to report an offense, the harder it becomes for Marian officials to obtain information and witness statements and make determinations regarding alleged violations.

Though anonymous complaints are permitted, doing so may limit the University's ability to investigate and respond to a complaint. Those who are aware of misconduct are encouraged to report it as quickly as possible to the Office of Student Life and/or to Campus Safety and Security. A responding student facing an alleged violation of the Code of Student Conduct is not permitted to withdraw from Marian University until all allegations are resolved².

Marian email is the university's primary means of communication with students. Students are responsible for all communication delivered to their Marian email address.

¹ Adapted, with gratitude, from Penn State University.

² Many students are simply electing to withdraw once notified that they are facing an accusation. Withdrawal, like admission, requires an administrative action. A student can request a withdrawal for any number of reasons, which can then be administratively approved or denied. In this approach, a request would be denied until the conduct complaint is resolved if a complaint is pending at the time of the withdrawal request. Yes, a student may effectively withdraw themselves by dropping out, but must go through the process to change their status officially. This approach resolves the challenge of proceeding with the conduct process after a student withdraws themselves, because technically, an institution cannot sanction a non-student (which is

what a student is after they withdraw). Once the process is complete, if the student is sanctioned, the student must complete the sanctions before becoming eligible to re-enroll, if at all. A hold on withdrawal can be placed accordingly until then.

Violations of the Law

Alleged violations of federal, state, and local laws may be investigated and addressed under the Code of Student Conduct. When an offense occurs over which the University has jurisdiction, the Marian conduct process will usually go forward notwithstanding any criminal complaint that may arise from the same incident.

The University reserves the right to exercise its authority of interim action upon notification that a student is facing criminal investigation and/or complaint (additional grounds for interim suspension are outlined in Section 5).

Students accused of crimes may request to take a leave from the University until the criminal charges are resolved. In such situations, Marian's procedure for voluntary leaves of absence is subject to the following conditions:

- The responding student must comply with all campus investigative efforts that will not prejudice their defense in the criminal trial; and
- The responding student must comply with all interim actions and/or restrictions imposed during the leave of absence; and
- The responding student must agree that, in order to be reinstated to active student status, they must first be subject to, and fully cooperate with, the campus conduct process and must comply with all sanctions that are imposed.

Section 3: The Rules

Civility Values and Behavioral Expectations

Marian considers the behavior described in the following sub-sections as inappropriate for the University community and in opposition to the core values set forth in this document. These expectations and rules apply to all students, whether undergraduate, graduate, doctoral, or distance or satellite learners. The University encourages community members to report to Marian officials all incidents that involve the following actions. Any student found to have committed or to have attempted to commit the following misconduct is subject to the sanctions outlined in Section 7: Conduct Procedures.

This can occur on or off campus, in a building, on the streets, in a vehicle, or any other place, in which a person is restrained, against their will, from moving, whether physically, by threat, or intimidation. This can also include but is not limited to, removing that person's means of leaving (e.g. taking and/or holding someone's keys, wallet, phone, or other means that would provide that individual with the means to leave the vicinity).

Note: This policy applies to restricting a person from leaving a resident hall room and/or failing to leave a resident's room when requested to do so. However, this policy does not apply to authorized personnel acting within the scope of their responsibilities (e.g. Campus Safety Officers, Resident Hall Staff).

Harassment. Any unwelcome conduct based on actual or perceived status including: sex, gender, race, color, age, creed, national or ethnic origin, physical or mental disability, veteran status, pregnancy status, religion, sexual orientation or other protected status. Sexual Misconduct. Marian University upholds the Roman Catholic teaching on human sexuality and behavior, as well as the Human Dignity Statement, as outlined in this Student Code of Conduct. Therefore, all acts of sexual misconduct — including forced intercourse or other unwanted contact — are strictly prohibited. Marian University affirms the definitions of discrimination and retaliation as outlined by Title IX of the Higher Education Act of 1965, as amended and the protections against violence as defined by the Campus Sexual Violence Elimination (SaVE) Act of 2013. Please also refer to the Amnesty Policy (detailed on page 17 of this handbook) when considering reporting an act of Sexual Misconduct.

Definitions of acts of sexual misconduct:

Marian University uses the following definitions of sexual misconduct: Non-Consensual Sexual Contact and Non-Consensual Sexual Intercourse and Sexual Exploitation. Consent is obtained through verbal assent from both parties prior to engaging in any sexual behaviors defined below.

Non-Consensual Sexual Contact is:

- Any intentional sexual touching
 - However slight;
 - With any object;
 - By one person upon another person;
 - That is without consent and/or by force.

Sexual contact is defined as intentional actual or attempted bodily contact with the breasts, buttock, groin, mouth, or genitals, or touching another with any of these body parts, or making another touch you or themselves with or on any of these body parts or any other intentional bodily contact of a sexual manner.

Non-Consensual Sexual Attempted or Actual Intercourse is:

- Any sexual intercourse
 - However slight;
 - With any object;
 - By one person upon another person;
 - That is without consent and/or by force.

Sexual Intercourse is defined as vaginal penetration by a penis, object, tongue or finger, anal penetration by a penis, object, tongue, or finger, and oral copulation (mouth to genital contact or genital to mouth contact), no matter how slight the penetration or contact.

Sexual Exploitation:

Occurs when a person takes non-consensual or abusive sexual advantage of another for his/her own advantage or benefit, or to benefit or advantage anyone other than the one being exploited (and that behavior does not otherwise constitute one of other sexual misconduct offenses.) Examples include, but are not limited to:

- Invasion of sexual privacy;
- Prostituting another person;
- Non-consensual recording or broadcast of sexual activity;
- Going beyond the boundaries of consent (such as letting someone hide in the closet to watch you having consensual sex);
- Engaging in voyeurism;
- Knowingly exposing another to an STD or HIV; and
- Exposing one's genitals in non-consensual circumstances; inducing another to expose their genitals.

Sexual Harassment

Sexual harassment is unwelcome, sexual or gender-based verbal, written or physical conduct that is:

- sufficiently severe, or persistent or pervasive and,
- has the effect of unreasonably interfering with, denying or limiting employment opportunities or the ability to participate in or benefit from the university's educational, social, athletic, and/or residential programs, and is based on real or reasonably perceived power differentials (quid pro quo), and/or the creation of a hostile environment or retaliation.

Stalking. Stalking is engaging in a course of conduct composed of a series of 2 or more separate non-continuous acts directed at a specific person that would cause a reasonable person to fear for his or her safety or the safety of others and suffer emotional distress.

Threatening Behaviors:

1. **Threat.** Written or verbal conduct that causes a reasonable expectation of injury to the health or safety of any person or damage to any property.
2. **Intimidation.** Implied threats or acts that cause a reasonable fear of harm in another.

Other Codes

Arrest. Failure of any student to accurately report an off-campus arrest by any law enforcement agency for any crime (including non-custodial or field arrests) to the Office of Student Life within seventy-two (72) hours of release.

Sales and Solicitation. Any outside individual or group soliciting, canvassing, or disseminating literature or wishing to use the University as a public forum must receive advance written permission from a duly authorized agent of the University. Duly authorized agents are determined by a Vice President or President of the University. Any violation of public order by the guest(s) will result in withdrawal of the invitation and/or removal of the guest(s).

Sales Events. Officially recognized organizations, departments, and offices, and enrolled students may sponsor sales events by completing the Facilities Reservation Form. Vendors may not sell on campus without organization sponsorship and without giving a portion of their sales to the sponsoring organization or individual. Sales are limited to two (2) business days. Organizations or individual students that wish to sponsor a sales event beyond this time limit must submit a formal request to the Office of Student Life prior to the sales activity date.

Students and groups are expected to comply with all state and federal laws regarding sales, solicitation, and health and safety codes.

Food Sales. Any food or beverage sales must comply with the contracted agreement with Sodexo Food Services and the Food Handling and Sanitation guidelines as specified by the Food and Drug Administration. To ensure the health and safety of the Marian University community during food sales, it is essential that the following guidelines be adhered to:

1. Obtain permission to hold the food sale from the Sodexo Executive Chef;
2. Wash hands with soap and water before preparing, handling, or selling food;
3. Wash hands immediately after the use of restroom facilities;
4. Use clean plastic gloves at all times when preparing, handling, or serving food;
5. Change plastic gloves frequently. Each group is responsible for providing plastic gloves for its food sale;

7. Use serving utensils to avoid direct contact with food;
8. Only those free from illness should be preparing, handling, or serving food;
9. Ensure the serving area is clean at all times during the sale. It is the responsibility of the group conducting the food sale to clean up the area when the food sale has concluded; and
10. Food may not be prepared on site that may pose either a serious health or safety concern; Restricted appliances are at the discretion of the University and include, but are not limited to: deep fryers, open griddles, hot plates, or chafing dishes that are heated with an open flame. Any non-restricted appliances used must be in good working order (i.e. without frayed cords) and must be requested from Campus Services on the Facilities Reservation Form.

When serving hot, precooked meat products, extreme care must be taken to ensure that the product is maintained at the correct temperature.

Please contact the Director of Student Involvement to reserve facilities or spaces for sales (

Other Policies

- Violating other published Marian policies or rules, including all Residence Hall policies;
- Violations of law (see Section 2); and
- Evidence of violation of local, state or federal laws, when substantiated through the University's conduct process.

Section 4: The Conduct Review Process

Students involved in the conduct review process may be nervous, scared, confused, or intimidated. That is understandable, but not the goal of the process. The goal is to provide an educational response to behavior that is in violation of how we expect Marian University students to behave. The following gives a general overview of how the conduct review processes work, but it should be noted that not all situations are of the same severity or

complexity. Thus, these processes are flexible, and are not exactly the same in every situation, though consistency in similar situations is a priority.

In general, there are six steps to the conduct review process. However, as mentioned above, there are times that warrant flexing the process or moving more quickly through a step. For example, if a student's conduct warrants immediate interim action (described in Section 6), the process may move quickly through or completely bypass the preliminary investigation step.

Step 1: Awareness of Violations

- When and how a responsible university employee becomes aware of the incident.

Step 2: Preliminary Inquiry

- The university determines a course of action to best respond immediately to the discovery of the incident. If the incident is clear and requires no additional inquiry, this step is by-passed to move directly to notification stage.

Step 3: Notification

- The stage where reporting and responding parties are notified of the charges and administrative conferences are held to explain the process to both parties separately. Both parties may have advocates or a support person present during this stage and throughout the process. A responding student who does not dispute the report may accept responsibility for a code violation and the process will move directly to deliberation.

Step 4: Investigation

- This is the formal process of interviewing all involved and examining evidence. It also includes all parties reviewing their statements as compiled by the investigation and the reporting and responding students reviewing all of the statements and evidence prior to deliberation.

Step 5: Deliberation

- Investigators will review all the evidence and statements given and make a recommendation of a finding. The Dean of Students or Title IX Coordinator will inform the parties of the outcome.

Step 6: Appeal

- Either the complainant or the respondent may appeal the finding and/or any sanctions issued. The appeal is heard by an independent appeals board comprised of faculty and staff members. The appeal board will review the appeal narrative, the findings and investigation report, and any response to the appeal made by investigators or the Title IX Coordinator. Decisions made by the appeal board are final.

Step 1: Awareness of Violation

- When and how a responsible university employee becomes aware of the incident.

Step 1: Awareness of Violation

Awareness of Violation is when a responsible university employee becomes aware of a code violation. There are several possible manners in which the university may become aware, such as an incident report from a resident assistant or security officer, a police report, a self-report from a student, or through anonymous or complaint form filings. Additionally, administrators may act on notice of a potential violation whether a formal allegation is made or not. All allegations can be submitted by a victim or a third party and should be submitted as soon as possible after the offending event occurs. The University has the right to pursue an allegation or notice of misconduct on its own behalf and to serve as convener of the subsequent campus conduct process.

Any member of the University community, contractor, visitor, or guest may allege a code violation(s) by any other student. Complaints against employees, contractors, visitors, or guests may be managed through Human Resources, Business and Finance, or the Dean of Students office(s), dependent on the context of the reported code violation.

University as the Convener

The University is the convener of every action under this code. This means the university convenes all parties involved in the incident to determine how best to proceed. Within that action, there are several roles. The responding student is the person who is alleged to have violated the Code. The reporting party bringing the complaint may be a student, employee, visitor, or guest. There may be witnesses, who may offer information regarding the allegation. There is an investigator(s) whose role is to present the allegations and share the evidence that the University has obtained regarding the allegations.

It may be useful here to further define some of the roles:

Responding party or student	This is the student or person who has been alleged to have been involved with violating the Student Code of Conduct. This document most often refers to this person as the "responding student." However, it should be understood that this person may be a guest, employee, or contractor in some cases.
Reporting party or student	This is a student or person who asserts the responding student has violated the Student Code of Conduct. This person may be

	asserting to be the victim of a crime or harmed by the responding student. This document most often refers to this person as the "reporting student." However, it should be understood this party may be a student, university employee, visitor, guest, or contractor in some cases.
Confidential Individuals	<p>These are employees who will maintain confidentiality under the professional license or professional ethics necessary for performing their employed role at the University and are not compelled to report discussions with a victim of sexual misconduct policy to Title IX Staff. At Marian University, Confidential Individuals are:</p> <ul style="list-style-type: none"> • Office of Counseling Services professional counselors; • Director of Health Services; • Director of Campus Ministry.
Responsible employee	<p>The common definition used for determining a responsible employee is any employee: who has the authority to take action to redress sexual violence; who has been given the duty of reporting incidents of sexual violence or any other misconduct by students to the Title IX coordinator or other appropriate school designee; or whom a student could reasonably believe has this authority or duty. At Marian University this includes all faculty, administrators, staff, and student employees, aside from those above defined as confidential individuals.</p> <p>Employees (faculty, staff, and student employees) are considered mandatory reporters of sexual misconduct. This includes those who hold a professional license, but who are not employed by Marian University to counsel, provide health services, or provide pastoral or ministry care. A mandatory reporter must report all allegations of sexual misconduct to a member of the Title IX Coordinator team, whether you are the victim of sexual misconduct or you become aware of sexual misconduct by others. Title IX Coordinators are identified on the Marian University Website. Depending upon the nature of the misconduct, a Title IX Coordinator may be required by state law to report the behavior to Human Resources or to the Fond du Lac Police Department. Failure to report sexual misconduct in a timely fashion may result in disciplinary action, up to and including termination of employment.</p>
Conduct Review Administrator	<p>This is an employee who manages discover, preliminary and, notification step functions in cases where suspension, expulsion, or probation are NOT likely to be university responses. Additionally, this person may manage part of the deliberation</p>

	step if the responding student admits and accepts responsibility for violating the Student Code of Conduct.
Investigator	This is the university employee who manages investigations when the responding student denies responsibility for violating the Student Code of Conduct. In cases where suspension, expulsion, or probation are likely university responses, there are often two investigators assigned.
Advocate	An advocate is any ONE person who any person in the conduct review process would like to have present with him or her throughout any part of the process. While this person may be an attorney, the role does not have the same powers of attorney. The university does train faculty and staff members to act as advocates and can help any student who seeks an advocate to find one. See Advocacy for Conduct Review Processes in Section 5 below.

Step 2: Preliminary Investigation

- The university determines a course of action to best respond immediately to the discovery of the incident. If the incident is clear and requires no additional inquiry, this step is by-passed to move directly to notification stage.

Step 2: Preliminary Investigation

The Director of Student Community Standards reviews the initial report which may be a formal incident report, or any notes taken from a self-report to another university responsible employee. The reviewer determines if a code violation is actually described in the report and if so, assigns code violation charges to the incident. The reviewer may also determine if all students named in the report are substantively involved or if their presence at the time of the incident is irrelevant and therefore they are not notified and are removed from the investigation. This decision may be reversed as more information becomes available or known. If the university believes it is necessary to do so, interim measures may be enacted for the safety and security of all involved (see definitions below).

The preliminary investigation will ordinarily be concluded within one week of the date the report was received by the Director of Student Community Standards. In cases of where the University Policy of the Marian University Non-Discrimination has allegedly been violated, the case will be referred to the Vice President for Student Engagement/Title IX Coordinator. The Coordinator reviews the information in the report and determines if the description provided is a Title IX case. If not, the Title IX Coordinator or designee may refer the case back to the Office of Student Community Standards or to an office better suited to manage the report. The Vice President for Student Engagement/Title IX Coordinator may determine the conduct described by the reporting party violates the Marian University Non-Discrimination Policy and assign investigators. See the Marian University Non-Discrimination Policy for details on how such reports are investigated and determined.

Additionally, at this time, the reviewer may determine that the case involves amnesty (see below) for one or more students involved in the reported incident.

A reporting party may choose to not divulge a name of an alleged responding party. In these instances, Marian University will inform the reporting party that they are limited in available responses, other than to provide assistance to the reporting party and to relieve adverse conditions in any environmental/climate that may be reported as present.

A reporting party may also choose to inform Marian University of the identity of a responding party but decline to pursue a formal investigation process. In these instances, Marian University will inform the reporting party that they are limited in available responses, other than to speak to the named responding party(ies) and provide education to him/her/them. Marian University will also provide assistance to the reporting party and to relieve adverse conditions in any environmental/climate that may be reported as present.

While Marian University will, to the extent possible, honor the preferences of the reporting party, there may be instances in which a formal investigation is necessary notwithstanding the reporting student's wishes to the contrary.

A reporting student may also choose to engage in a formal investigation process. This will begin the notification stage of the process (see Notification below).

If applicable, the reporting party will be advised of their rights to file a criminal complaint. If he/she/they choose to do so, the university will assist in the facilitation of this. If applicable, the reporting party will also be advised of medical options for self-care and for evidence collection. These actions may occur during the Awareness stage but will be repeated at this stage. Further, at any point during the investigation, if applicable, Marian University will assist in the facilitation of making a report to the police.

Amnesty

For Victims

The University provides amnesty to victims who may be hesitant to report to University officials because they fear they themselves may be accused of minor policy violations, such as underage drinking, at the time of the incident. Educational options will be explored, but no conduct proceedings or conduct record will result.

For Those Who Offer Assistance

To encourage students to offer help and assistance to others, Marian pursues a policy of amnesty for minor violations when students offer help to others in need. At the discretion of the Dean of Students or Director of Student Community Standards, amnesty may also be extended on a case-by-case basis to the person offering assistance. Educational options will be explored, but no conduct proceedings or conduct record will result.

For Those Who Report Serious Violations

Students who are engaged in minor violations but who choose to bring related serious violations by others to the attention of the University are offered amnesty for their minor violations. Educational options will be explored, but no conduct proceedings or record will result.

Abuse of amnesty requests can result in a decision by the Dean of Students not to extend amnesty to the same person repeatedly.

Safe Harbor

The University has a Safe Harbor rule for students. The University believes that students who have a drug and/or addiction problem deserve help. If any University student brings their own use, addiction, or dependency to the attention of University officials outside the threat of drug tests or conduct sanctions and seeks assistance, a conduct complaint will not be pursued. A written action plan may be used to track cooperation with the Safe Harbor program by the student. Failure to follow the action plan will nullify the Safe Harbor protection and campus conduct processes will be initiated.

Gatekeeping

No complaint will be pursued through the conduct review process unless there is reasonable cause to believe a code has been violated. Reasonable cause is defined as some credible information that supports the allegation that a code has been violated, even if that information is merely a credible witness or a reporting person's statement. A complaint wholly unsupported by any credible information will not be pursued. The Dean of Students or his/her designee determines if credible information standards have been met.

Step 3: Notification

- The stage where reporting and responding parties are notified of the charges and administrative conferences are held to explain the process to both parties separately. Both parties may have advocates or a support person present during this stage and throughout the process. A responding student who does not dispute the report may accept responsibility for a code violation and the process will move directly to deliberation.

Step 3: Notification

All students determined to be involved are notified of the alleged code violation and a meeting is scheduled with each individually to discuss their rights and responsibilities and the conduct review process.

In order to proceed with a formal investigation where there are two student parties, the reporting student must provide in writing:

- The name of the alleged policy violator, if known.
- A description, with reasonable specificity, of the incident(s) of alleged violation
- Including the date(s) and place(s) of such incident(s)

It must be in the reporter's own words and may not be authored by others, including family members, advisors, or attorneys.

Attached to this complaint should be a list of any sources of information that the reporting party believes may be relevant to the investigation. However, the filing of a complaint should not be delayed if such sources of information are unknown or unavailable.

This time and date of receipt of this report will be noted by the Director of Community Student Standards.

When a complaint is brought by a third-party on behalf of a potential reporting party, the investigators will endeavor to meet with the person identified as the potential reporting party both to gather information and to discuss his/her/their interest in participating in an investigation.

If the university believes it is necessary to do so, interim measures may be enacted for the safety and security of all involved (see definitions below).

Students are expected to respond within two (2) business days to the administrator managing the process. Failure to respond to this notification and to participate in the conduct review process may result in an interim action (such as student account holds or temporary suspension) applied to a student until s/he engages with the process.

Notice of a Formal Conduct Review Process

Once the Director of Student Community Standards determines if there is a code violation, notice will be given to the student(s) involved. Notice will be in writing and may be delivered by one or more of the following methods: in person by the Director of Student Community Standards or a Campus Safety and Security officer; mailed to the local or permanent address of the student as indicated in official University records; or emailed to the student's University-issued email account. Once mailed, emailed and/or received in-person, such notice will be presumptively delivered. The letter of notice will:

1. Include the alleged violation and notification of where to locate the Code of Student Conduct and University procedures for resolution of the complaint;
2. Include the name of the conduct review process administrator assigned to the review. If they believe this administrator may have a conflict of interest they are to include their objection to this officer (see the subsection, Recusal or Change of an Investigator or Review Official below) managing the process in their response to the complaint (see next); and;

The responding party will have one week from the time of notification in which to submit a written response to these allegations. It must be in their own words and may not be authored by others, including family members, advisors, or attorneys. It should include a statement of acceptance or denial of responsibility for violating the Code of Conduct. It should also include a list of all sources of information (for example, witnesses, correspondence, records) that the responding party believes may be relevant to the investigation

This time and date of receipt of this responding report will be noted by the Director of Student Community Standards.

If the responding student(s) accepts responsibility for the code violation(s), the Director of Student Community Standards will assign the student to meet with a Conduct Review Administrator. This administrator will discuss responses with the student and determine the best course of action from the list of sanctions included in Step 5. If the responding student(s) denies responsibility, the Director of Community Standards acts as investigator and begins the investigation step of the process. Violations of the Marian University Non-Discrimination Policy will be referred to the Title IX Coordinator and investigators will be named according the procedures in that policy.

Recusal or Change of an Investigator or Review Official

An administrator or faculty member serving as a conduct review administrator, an investigator, or an appeal agent may ask to recuse themselves from any conduct review process on the basis of actual or perceived bias. The administrator, panelist, or investigator will not be asked to serve in a capacity in which they feel they would not be able to render a professional and ethical review of the student's conduct review case. The staff or faculty member filling this role will be asked to disclose any conflicts of interest they have with the student(s) involved in the conduct review process. If any are found, the Dean of Students will seek a new trained faculty or staff member to fill the role.

The student(s) will be notified of each person filling any official role in the conduct review process. Notice will be in writing and may be delivered by one or more of the following methods: in person by the Director of Student Community Standards or a Campus Safety and Security officer; mailed to the local or permanent address of the student as indicated in official University records; or emailed to the student's University-issued email account. Once mailed, emailed and/or received in-person, such notice will be presumptively delivered. The student may request, in writing through United State or Campus post or university email, that a different review administrator, investigator, or appeals panelist be selected to manage the process when s/he/they feel the person assigned cannot render a professional and ethical decision because of a conflict of interest. The student requesting the recusal must present evidence of a substantive conflict of interest. Substantive means that the conflict of interest would have an actual effect on the outcome of the review. They must submit their request for a new administrator or faculty in any role within two (2) days of being notified of administrator, investigator, or panelist.

Examples of a substantive conflict of interest would include but are not limited to: being in a verifiable therapeutic, spiritual counseling, and/or healthcare provision role with the student; current or past role as an instructor with authority over grading and academic progression; financial relationships outside of the university's interests, or familial ties. Examples of recusal requests that do not meet a substantive concern are, but not limited to: potential future conflicts, previous review process interactions with an administrator where there is no evidence of bias or bad faith; and social identity (race, religion, sex, gender) difference claims.

The Dean of Students will make the determination as to the validity of any challenge or need for recusal. This decision will be reviewed by the Vice President of Student Engagement/Title IX Coordinator.

In the event of a recusal from any role, the Dean of Students and/or the Vice President of Student Engagement/Title IX Coordinator will select a new trained administrator to fill that role. The student will be notified of the change and will be permitted to challenge the selection again following the same process.

Additionally, due to circumstances other than a conflict of interest, a change of investigator or official may be necessary. The parties will be notified the same as is detailed above.

Should a student assert that the Vice President of Student Engagement/Title IX Coordinator may have a substantive conflict of interest. The student or the Vice President of Student Engagement/Title IX Coordinator may recuse him/her/their self and the case will be managed by an executive administrator named by the President of the University.

Step 4: Investigation

- This is the formal process of interviewing all involved and examining evidence. It also includes all parties reviewing their statements as compiled by the investigation and the reporting and responding students reviewing all of the statements and evidence prior to deliberation.

Step 4: Investigation

If a responding party agrees that s/he/they violated a code of conduct, there is no reason to continue an investigation and the investigators will move to the sanctioning part of the deliberation step.

Investigations are most often, but not always, conducted when a student denies responsibility for a code violation. When a student agrees that s/he violated a code of conduct, there is no reason to continue an investigation and the conduct review administrator will move to the sanctioning part of the deliberation step.

In most instances where an investigation is required, the Director of Student Community Standards will conduct it. However, in complex situations where multiple allegations or conflicting reports have been submitted, the Dean of Students or Vice President of Student Engagement/Title IX Coordinator may assign multiple investigators to manage the conduct process. Requests to have new investigators assigned must be made within two (2) business days and must be in writing either through United States or campus post or through university email. See recusal or change of investigators and officials above.

After both the reporting party and responding party have had the opportunity to request new investigators or there are no objections to investigators, then investigator(s) will take the following steps,

1. Initiate, if deemed necessary, interim measures on behalf of any reporting person beyond what may have already been implemented;
2. Commence a thorough, reliable, and impartial investigation by developing a strategic investigation plan, including a witness list, evidence list, intended timeframe, and order of interviews for all witnesses and the reporting and responding students;
3. Interview all relevant witnesses and the responding student(s), summarize the information they are able to share and have each sign the summary to authenticate its accuracy;

4. Obtain all documentary evidence and information that is available;
5. Obtain all physical evidence that is available.

Investigations should be managed and concluded with all due haste and should not exceed more than 90 days unless extenuating circumstances are present. The Title IX Coordinator-504/ADA Compliance Officer will determine if extenuating circumstances exist.

The following sub-sections describe the investigation process in greater detail. Except in a complaint involving failure to comply with the summons of the Dean of Students (or designee), no student may be found to have violated the Code of Student Conduct solely as a result of the student's failure to appear at a conduct review process.

In the interest of fundamental fairness, the process requires the university to adhere to the following:

1. The name and title of the investigator(s) will be shared with the reporting (if there is one) and responding parties. Either party may request a recusal as outlined in section 3 above.
2. The reporting (and if applicable, responding) party(ies) will be encouraged to have an advocate through the process. The Director of Student Community Standards or the Title IX Coordinator-504/ADA Compliance Officer will work with either party to find one should either desire assistance. The parties have the right to ONE advocate of their own choosing, including attorneys. Typically, advocates are members of the campus community, but the parties may select whomever they wish to serve as their advocate. The advocate may not make a presentation or represent the party bringing the complaint or responding student during the investigation or conduct review process. He/she/they may confer quietly with his/her/their student, exchange notes, clarify procedural questions with the investigator(s), and suggest questions to their student.
3. Notice of the time, date, and location of the investigation interviews will be in writing and may be delivered by one or more of the following methods: in person by the assigned investigators or Campus Security Officer; mailed to the local or permanent address of the student as indicated in official University records; or emailed to the student's University-issued email account. Once mailed, emailed and/or received in-person, such notice will be presumptively delivered.
4. The responding student will be notified that if s/he/they fails to engage with the process, the Director of Student Community Standards may initiate a complaint against the student for failure to comply with the directives of a Marian official and give notice of this violation. Unless the student responds to this notice within two (2) business days by answering the original notice, a conduct review process may be scheduled and held on the student's behalf. As a result, the student may be administratively withdrawn from attending classes or a disciplinary hold may be placed on their University account, making them ineligible to register for courses or Marian housing until such time as the student responds to the initial complaint.
5. The investigators will ensure that the investigation materials, which include all evidence, both parties' statements, and witnesses' statements, and any other available written

documentation is shared with the responding and the reporting party (if applicable) for their review prior to entering the deliberation phase of the process.

6. Both parties have the right to question or challenge the reports of any statements or evidence presented. The investigators will present the questions or challenges to the provider of the statement or evidence. The responses will be shared with either the reporting or responding parties. They may again question or challenge the response. Spurious, unsubstantial, or retaliatory questions or challenges will be disregarded and not put to any party. Any party may challenge a determination that a question or challenge is spurious, unsubstantial, or retaliatory. The Dean of Students or the Title IX Coordinator-504/ADA Compliance Officer will review the challenge. Decisions made by the Dean or the Coordinator are final.
7. Pertinent records, exhibits, and written statements may be accepted as information for consideration by the investigator(s). Formal rules of evidence are not observed. The Dean of Students or Title IX Coordinator-504/ADA Compliance Officer may limit the number of character witnesses interviewed or character statements submitted.
8. Recordings will be made of all proceedings, with the interviewee's permission. Those recordings will be transcribed. In cases where the interviewee declines to be recorded, notes will be taken and then will be reviewed and validated as accurate by the interviewee. Deliberations will not be recorded. All records are the property of the University and maintained according to the University's record retention policy.
9. Reporting and responding parties will be notified when the investigation stage is complete.

Step 5: Deliberation

- Investigators will review all the evidence and statements given and make a recommendation of a finding. The Dean of Students or Title IX Coordinator will inform the parties of the outcome.

Step 5: Deliberation

Deliberation is the stage where evidence is reviewed to determine if the responding student(s) violated a code(s) of conduct, issues sanction(s) if applicable, or both. Students who accepted responsibility immediately for violating a code of conduct will have sanctions determined by the Conduct Review Administrator within ten (10) business days of their initial meeting. Students who denied responsibility for violating a code(s) of conduct have determinations made about their responsibility and potential sanctions by the investigator(s) assigned to the conduct review process within ten (10) business days of the investigation's conclusion. The investigator(s) will conclude their part of the process by writing an investigation report.

Standard of Evidence

The procedures will use the preponderance of evidence standard (i.e. it is more likely than not that a code violation occurred).

Findings

The investigation report is composed after all interviews have been conducted, statements and evidence have been made available for challenge and if applicable, questioned and challenged, and statements authenticated by all parties. The investigator(s) deliberate and determine whether the responding party has violated the Code of Conduct using the standard of evidence described above.

All investigators must agree on a finding prior to submitting the report. Once a finding is determined, if the responding student is found to be responsible for a code violation, the investigator will determine an appropriate sanction(s). The investigator report will include information detailing the finding, the information cited in support of the finding, and any information excluded from its consideration and why. This report should conclude with any sanctions. This report must be submitted to the Dean of Students or Vice President of Student Engagement/Title IX Coordinator within five (5) working days after the conclusion of the investigation.

If the student is found in violation(s), sanctions will be determined by the investigator(s) who will include sanctions if applicable in a notification letter. The investigator will also share the status of the investigation and the findings to the reporting student if there is one. Notification of findings and sanctions will be made in writing and may be delivered by one or more of the following methods: in person by the Director of Student Community Standards or Campus Safety Officer, mailed to the local or permanent address of the student as indicated in official University records; or emailed to the student's University-issued email account. Once mailed, emailed and/or received in-person, such notice will be presumptively delivered. The notification of findings will include the evidence that all parties submitted and was considered in the investigation. In cases of sexual misconduct and other crimes of violence, notice of the outcome will be delivered to all parties simultaneously, meaning without substantial delay between the notifications to each.

Once the responding student (and in cases where there is a reporting student) receives the investigation report, the either student may:

1. accept the findings and sanctions if applicable;
2. accept the findings and sanctions in part and reject them in part;
3. or may reject all findings and/or sanctions.

If the responding or reporting student rejects in full or in part any finding or sanction, either student may appeal the decision following the appeal processes described below.

Notification of Outcomes

The outcome of a conduct review process is part of the education record of the responding student and is protected from release under the Federal Education Rights and Privacy Act (FERPA), except under certain conditions. As allowed by FERPA, when a student is accused of a policy violation that would constitute a "crime of violence" or forcible or non-forcible sex offense, the University will inform the alleged victim/party bringing the complaint in writing of the final results of a conduct review process regardless of whether the University concludes that a violation was committed. Such release of information may only include the alleged student's/responding student's name, the violation committed, and the sanctions assigned (if applicable). In cases of sexual misconduct and other offenses covered by Title IX, only, the rationale for the outcome will also be shared with all parties to the complaint in addition to the finding and sanction(s).

In cases where the University determines through the student conduct process that a student violated a policy that would constitute a "crime of violence" or non-forcible sex offense, the University may also release the above information publicly and/or to any third party. FERPA defines "crimes of violence" to include:

1. Arson
2. Assault offenses (includes stalking)
3. Burglary

4. Criminal Homicide—manslaughter by negligence
5. Criminal Homicide—murder and non-negligent manslaughter
6. Destruction/damage/vandalism of property
7. Kidnapping/abduction
8. Robbery
9. Forcible sex offences
10. Non-forcible sex offences

Conduct Sanctions

One or more of following sanctions may be imposed upon any student for any single violation of the Code of Student Conduct:

1. **Warning:** An official written notice that the student has violated University policies and/or rules and that more severe conduct action will result should the student be involved in other violations while the student is enrolled at Marian.
2. **Restitution:** Compensation for damage caused to the University or any person's property. This could also include situations such as failure to return a reserved space to proper condition – labor costs and expenses. This is not a fine but, rather, a repayment for labor costs and/or the value of property destroyed, damaged, consumed, or stolen.
3. **Community/University Service Requirements:** For a student or organization to complete a specific supervised University service.
4. **Loss of Privileges:** The student will be denied specified privileges for a designated period of time.
5. **Confiscation of Prohibited Property:** Items whose presence is in violation of University policy will be confiscated and will become the property of Marian University. Prohibited items may be returned to the owner at the discretion of the Dean of Students.
6. **Behavioral Requirement:** This includes required activities including, but not limited to, seeking academic counseling or substance abuse screening, writing a letter of apology, etc.
7. **Educational Program:** Requirement to attend, present and/or participate in a program related to the violation. It may also be a requirement to sponsor or assist with a program for others on campus to aid them in learning about a specific topic or issue related to the violation for which the student or organization was found responsible. Audience may be restricted.
8. **Restriction of Visitation Privileges:** May be imposed on a resident or non-resident student. The parameters of the restriction will be specified.
9. **University Housing Probation:** Official notice that, should further violations of Residence Life or University policies occur during a specified probationary period, the student may immediately be removed from Marian housing. Regular probationary meetings may also be imposed.
10. **University Housing Reassignment:** Reassignment to another Marian housing facility. Residential Life personnel will decide on the reassignment details.
11. **University Housing Suspension:** Removal from Marian housing for a specified period of time after which the student is eligible to return. Conditions for re-admission to Marian

housing may be specified. Under this sanction, a student is required to vacate Marian housing within 24 hours of notification of the action, though this deadline may be extended upon application to, and at the discretion of, the Director of Residence Life. This sanction may be enforced with a trespass action if deemed necessary. Prior to reapplication for Marian housing, the student must gain permission from the Director of Residence Life (or designee). This sanction may include restrictions on visitation to specified buildings or all Marian housing during the suspension.

12. University Housing Expulsion: The student's privilege to live in, or visit, any Marian housing structure is revoked indefinitely. This sanction may be enforced with a trespass action if deemed necessary.
13. Probation: The student is put on official notice that, should further violations of University policies occur during a specified probationary period, the student may face suspension or expulsion. Regular probationary meetings may also be imposed.
14. Eligibility Restriction: The student is deemed "not in good standing" with the University for a specified period of time. Specific limitations or exceptions may be granted by the Dean of Students and terms of this conduct sanction may include, but are not limited to, the following:
 - a) Ineligibility to hold any office in any student organization recognized by Marian or hold an elected or appointed office at the University; or
 - b) Ineligibility to represent the University to anyone outside the Marian community in any way including: participating in the study abroad program, attending conferences, or representing Marian at an official function, event or intercollegiate competition as a player, manager or student coach, etc.
15. Suspension: Separation from Marian University for a specified minimum period of time, after which the student is eligible to return. Eligibility may be contingent upon satisfaction of specific conditions noted at the time of suspension. The student is required to vacate the campus within 24 hours of notification of the action, though this deadline may be extended upon application to, and at the discretion of, the Dean of Students. During the suspension period, the student is banned from university property, functions, events and activities without prior written approval from the Dean of Students. This sanction may be enforced with a trespass action as necessary.
16. Expulsion: Permanent separation from Marian University. The student is banned from university property and the student's presence at any University-sponsored activity or event is prohibited. This action may be enforced with a trespass action as necessary.
17. Other Sanctions: Additional or alternate sanctions may be created and designed as deemed appropriate to the offense with the approval of the Dean of Students or designee.

The following sanctions may be imposed upon groups or organizations found to have violated the *Code of Student Conduct*:

1. One or more of the sanctions listed above, specifically a) through i), and n), and o);
2. Deactivation, de-recognition, loss of all privileges (including status as a University registered group/organization), for a specified period of time.

See the section on Group Violations for more information.

Step 6: Appeal

- Either the reporting or the responding student may appeal the finding and/or any sanctions issued. The appeal is determined by an appeals officer. The officer will review the appeal narrative, the findings and investigation report. The officer may deny the appeal, refer the investigation back to the original investigators to correct any procedural error, assign new investigators to continue the case and correct bias or procedural errors, or amend the response(s)/sanction(s). Decisions made by the appeal official are final.

Step 6: Appeals and Appeal Processes

Decisions by the investigator(s) are considered final and binding unless the responding student (or reporting student when applicable) appeals based on one of three rationales described below. Appeals are reviewed by the Dean of Students or Vice President of Student Engagement/Title IX Coordinator for merit. If the case made fits the criteria, the Dean of Students or Vice President of Student Engagement/Title IX Coordinator may send the case back to the investigator to review again, assign a new investigator to review or re-open the case, or convene appeals panel to review the case.

Appeals must be filed in writing using the Appeals Form provided to the responding and, if applicable, reporting student. The form and written appeal must be submitted to the Dean of Students within two (2) business days of the notice of the findings and sanctions barring exigent circumstances. Any exceptions are made at the discretion of the Dean of Students and, when appropriate, the Vice President of Student Engagement/Title IX Coordinator. The Dean of Students will share the appeal by one party with the other party when appropriate under procedure or law (e.g., if the responding student appeals, the appeal is shared with the reporting party, who may also wish to file a response, request an appeal on the same grounds or different grounds).

Grounds for Appeal Requests

Appeals requests are limited to the following grounds:

- A procedural error occurred that significantly impacted the outcome of the investigation (e.g. substantiated bias, material deviation from established procedures, etc.);
- To consider new evidence, unavailable during the investigation, that could substantially impact the original finding or sanction. A summary of this new evidence and its potential impact must be included; and
- The sanctions imposed are substantially outside the parameters or guidelines set by Marian University for this type of offense or the cumulative conduct record of the responding student.

The Dean of Students will act as appeal officer. If the Dean is recused or a change is necessary, the Vice President for Student Engagement or designee will act as the appeal officer.

If the appeal is not timely or substantively eligible, the original finding and sanction will stand, and the decision is final. If the appeal has standing, the Dean of Students determines an outcome. This may be to send it back for reinvestigation by the original investigator, assign a new investigator, or to change the sanction.

On reconsideration, the original or new investigator(s) may affirm or change the findings and/or sanctions of the original findings or sanction according to the permissible grounds. Procedural errors should be corrected, new evidence should be considered, and sanctions should be proportionate to the severity of the violation and the student's cumulative conduct record.

All decisions of the appeal officer are to be made within two (2) days of submission to the panel and are final.

Notification of appeal decisions will be made in writing and may be delivered by one or more of the following methods: in person by the Director of Student Community Standards or Campus Safety Officer, mailed to the local or permanent address of the student as indicated in official University records; or emailed to the student's University-issued email account. Once mailed, emailed and/or received in-person, such notice will be presumptively delivered.

If applicable, notice of the outcome will be delivered to all parties simultaneously, meaning without substantial delay between the notifications to each. For example, if the reporting party appealed a decision, the responding party would be notified in the same manner of the outcome.

Section 5: Additional Information

Advocacy for Conduct Review Processes and Investigations

An advocate is any ONE person who any person in the conduct review process would like to have present with him or her throughout any part of the process. While this person may be an attorney, the role does not have the same powers of attorney. The university does train faculty and staff members to act as advocates and can help any student who seeks an advocate to find one.

The advocate may not make a presentation or represent the party bringing the complaint or responding student during the investigation or conduct review process. They may confer quietly with their student, exchange notes, clarify procedural questions with the investigator(s), and suggest questions to their student.

The university trains faculty and staff members to act as advocates and can help any student who seeks an advocate to find one.

Conduct Records

All conduct records are maintained by Marian University for seven (7) years from the time of their creation except those that result in separation (suspension or expulsion, including from housing) and those that fall under Title IX, which are maintained indefinitely.

Conflict Resolution Options

The Dean of Students has discretion to refer a complaint for mediation or other forms of appropriate conflict resolution. All parties must agree to conflict resolution and to be bound by the decision with no review/appeal. Any unsuccessful conflict resolution can be forwarded for formal review processes; however, at no time will complaints of physical sexual misconduct or violence be mediated as the sole institutional response. The Dean of Students may also suggest that complaints that do not involve a violation of the Code of Student Conduct be referred for mediation or other appropriate conflict resolution.

Failure to Complete Conduct Sanctions

All students, as members of the Marian community, are expected to comply with conduct sanctions within the timeframe specified in the findings notification letter. Failure to follow through on conduct sanctions by the date specified, whether by refusal, neglect or any other reason, may result in additional sanctions and/or suspension from the University. In such situations, resident students will be required to vacate Marian housing within 24 hours of notification by the Dean of Students, though this deadline may be extended upon application to, and at the discretion of, the Director of Residence Life and/or the Dean of Students. A

suspension will only be lifted when compliance with conduct sanctions is satisfactorily achieved. This determination will be made by the Dean of Students.

Group Violations

A student group or organization and its officers and membership may be held collectively and individually responsible when violations of this code by the organization or its member(s):

- Take place at organization-sponsored or co-sponsored events, whether sponsorship is formal or tacit;
- Have received the consent or encouragement of the organization or of the organization's leaders or officers; or
- Were known or should have been known to the membership or its officers.

Conduct review processes for student groups or organizations follow the same general student conduct procedures. In any such action, individual determinations as to responsibility will be made and sanctions may be assigned collectively and individually and will be proportionate to the involvement of each individual and the organization.

Interim Action

Under the Code of Student Conduct, the Dean of Students or designee may impose restrictions and/or separate a student from the community pending the scheduling of a campus conduct review on alleged violation(s) of the Code of Student Conduct when a student represents a threat of serious harm to others, is facing allegations of serious criminal activity, to preserve the integrity of an investigation, to preserve University property and/or to prevent disruption of, or interference with, the normal operations of the University. Interim actions can include separation from the institution or restrictions on participation in the community for no more than ten (10) business days pending the scheduling of a campus conduct review process on alleged violation(s) of the Code of Student Conduct. A student who receives an interim suspension may request a meeting with the Dean of Students or designee to demonstrate why an interim suspension is not merited.

Temporary suspension may be imposed until a conduct review can be held, typically within two weeks. Within that time, the suspended student may request an immediate meeting from the Dean of Students to show cause why the interim suspension or other action should be lifted. This procedure may resolve the allegation or may determine if the interim suspension or other action should be continued. Regardless of the outcome of this meeting, the University may still proceed with the scheduling of a campus conduct review process. The interim suspension or other action may be continued if a danger to the community is posed and the University may be delayed or prevented from conducting its own investigation and resolving the allegation by the timing and outcome of the criminal process. In such cases, Marian will only delay its processes until such time as it can conduct an internal investigation or obtain sufficient information independently or from law enforcement upon which to proceed. This delay will be no longer than two weeks from

notice of the incident unless the university has information presented from a directly involved party that provides cause for continuing the interim suspension or other action.

During an interim suspension, a student may be denied access to Marian housing and/or the University campus/facilities/events. As determined appropriate by the Dean of Students, this restriction may include classes and/or all other Marian activities or privileges for which the student might otherwise be eligible. At the discretion of the Dean of Students and with the approval of, and in collaboration with, the appropriate Dean(s), alternative coursework options may be pursued to ensure as minimal an impact as possible on the responding student.

Interpretation and Revision

The Dean of Students will develop procedural rules for the administration of conduct review processes that are consistent with provisions of the Code of Student Conduct. Substantial changes from these rules will, generally, only be made as necessary and will include reasonable advance notice to the parties involved, either by posting online and/or in the form of written communication. The Dean of Students may vary procedures with notice upon determining that changes to law or regulation require policy or procedural alterations not reflected in this Code. The Dean of Students may make minor modifications to procedure that do not significantly jeopardize the fairness owed to any party. Any question of interpretation of the Code of Student Conduct will be referred to the Vice President of Student Engagement/Title IX Coordinator, whose interpretation is final. The Code of Student Conduct will be updated annually under the direction of the Dean of Students with a comprehensive revision process being conducted every three (3) years.

Parental Notification

The University reserves the right to notify the parents/guardians of dependent students regarding any conduct situation, particularly alcohol and other drug violations. Marian may also notify parents/guardians of non-dependent students who are under the age of 21 of alcohol and/or other drug violations. Parental notification may also be utilized discretionarily by administrators when permitted by FERPA or consent of the student.

Recording of Interviews

Investigators may ask to have interviews recording with a digital recording device. All recordings are part of the conduct record and are treated the same as any other student record as described above in Disciplinary Records.

Interviewees may deny the request to record the interview. Interviewees may not record for their own records any interview because the record may, and is very likely to, include information about other students that they do not have a right to possess.

The record will be retained for one month following the conclusion of the investigation or until the conclusion of any appeal process, whichever is longer. The record will then be destroyed, except in cases of suspension and expulsion when the electronic record shall be retained with the student's record.¹

Residence Life Policies and Procedures

The Office of Residence Life promotes inclusive personal growth and leadership development by effectively challenging and supporting students through compassionate and memorable community experiences. Marian's residence facilities have been designed to create a living-learning environment in support of the Mission and consistent with the Core Values of the University. Students living in or visiting the residence facilities are expected to live the value of community – respect for self, others, property, and authority – and develop an environment that fosters a culture of learning and reflection balanced with the development of healthy relationships and an enjoyable social life. In addition to following the University policies, students who live in or visit University owned housing facilities must comply with residential policies.

HOUSING REQUIREMENTS

All first- and second-year students, unmarried and younger than 21, are required to live on campus. The only exception is if a student lives with a parent or guardian within a 35-mile radius of the University. Students who claim a commuter exemption, but do not reside with their parents, are subject to being charged for a residence facility room. Housing contracts are valid for one academic year, which is defined as the fall and spring semester. On-campus housing is only available to full-time students enrolled for a minimum of 12 credits and actively attending class at Marian University. Students not meeting these criteria are subject to removal from the residence facilities. If at any time a student drops below the required 12 credits, he/she must contact the Director of Residence Life. (A request for an exception for temporary part-time students must be made both in writing and in person to the Director of Residence Life.)

Consolidation

Three weeks into each semester, students living alone in a double room in the Cedar Creek Apartments, Courtyards, Duplexes, Naber Hall, and Townhouses will be asked to either consolidate or pay the single room rate. This gives others who wish to reside in single rooms the opportunity to do so, provided space is available. Students with a roommate who moves out for any reason must talk to their Resident Assistant or Residence Hall Director about consolidating or paying for a single room. Single rooms are granted on a first-come, first-serve basis and are generally not granted until the conclusion of roommate switch week. The University is not responsible for reassigning roommates who never arrived, changed rooms before arrival, or moved out after arrival. It is the resident's responsibility to find a roommate when any of the above situations happen. If asked, the Residence Life staff will assist in the process. All room changes must be completed during roommate switch week. Switch week is typically the third week of each semester.

Contract Termination

If for any reason during the academic year a resident must terminate his/her housing contract, an appeal form must be submitted to the Office of Residence Life. Possible reasons for consideration include but are not limited to: sudden loss of primary income, serious medical concerns, and extenuating family circumstances. Not all appeals are guaranteed. The Director of Residence Life, with input from Residence Life staff members, reviews all cases on an individual basis. The Director of Residence Life will review the request and return a written decision in a timely manner. Contract cancellation charges will apply to the student in the case that his/her contract termination is approved.

All decisions are final. Any student withdrawing from Marian University must check out of their residence within 48 hours after withdrawal or they may incur additional charges. Contract cancellation terms and schedule can be found on the Housing Contract

Removal from Housing

The Director of Residence Life, Dean of Student Engagement, and Vice President for Student Engagement each have the right to dismiss a student from University housing at any time. It is not necessary for a student to be on housing probation prior to a dismissal. Any student charged with a felony will be required to immediately leave student housing. If the case is dropped or the case is tried and won by the student, the student shall be allowed to move back into student housing at such a time that space is available. If the student is convicted, the student shall not be allowed to live in student housing. First- or second-year students who are dismissed from housing, and who do not meet the commuter exemption condition of the residency requirement, will be required to immediately withdraw from the University. The student is required to complete the appropriate paperwork and turn in all keys at the time of dismissal. If key(s) are not returned at this time, the student will be charged the cost of a lock re-core and a \$50 improper checkout fee.

Withdrawal from Housing

Resident students who do not attend classes may be required to vacate the residence facilities. Students who depart housing must remove personal belongings in a timely manner, as specified by Residence Life staff. University personnel may discard belongings not removed as directed.

HOUSING OPTIONS

First year housing is located in Naber Hall and designated Courtyard houses and penthouses as assigned. Should housing needs exceed capacity, rooms in the Courtyard houses may be tripled. Naber Hall and all other freshman housing are substance-free – alcohol, tobacco products, and illegal drugs are never permitted, regardless of legal age limit.

Sophomores, juniors, and seniors may choose housing from the Courtyard Efficiency Suites, Townhouses, Duplexes, or Cedar Creek Apartments. A limited number of single rooms are available in the Townhouses, Duplexes and Cedar Creek Apartments.

Living-Learning Communities (LLC)

Marian University offers first-year students the opportunity to live with other students with similar academic interests. Students choosing to live in an LLC will be provided with resources geared toward academic excellence.

Themed Housing

Marian University offers campus residences where like-minded upper-class students live together for the purpose of embracing and promoting a particular theme of mutual interest. The goals of theme housing include:

- Uniting students around a common interest or discipline
- Creating a community that fosters intellectual and social development
- Promoting campus pride and spirit through programming opportunities

Students establish clear goals for their group and plan how to be engaged participants in their community as well as the campus community. One-year housing applications are reviewed by the Office of Residence Life, and select groups are interviewed by the review committee. Themed housing selection is based on the quality and strength of the application, the commitment and organization of the house members, the needs of the University community served by the themed house, and the group interview. Current one-year groups reapplying for themed housing will also be rated upon past performance and future plans.

1. No university-provided furniture may be located, at any time, on the balcony or patio.
2. No one may be on the balcony at any one time.
3. Throwing of objects off the balcony is prohibited.

Bed lofting is only permitted through the appropriate use of a university provided bed that is designed to be lofted. Student built or procured lofts are not permitted.

Campaign Signs

Students are not permitted to hang campaign signs inside the residence facility windows. No signs are allowed in the yards of any of the University's residence facilities. Students may display political preferences privately in their room with agreement from roommate(s).

Candles & Incense

Candles and candle warmers are prohibited in residence facilities. The burning of incense in any residence facility is prohibited. Special circumstances require approval from the Director of Residence Life.

Christmas Trees

Live Christmas trees are not permitted in any student residence facility.

Comfort & Service Animals

Residence Life and the Office of Disability Services must be notified of the need for service and comfort animals. Please contact the Office of Student Life (923-8091) for instructions on the documentation required for housing comfort and/or service animals.

Common Area Damage

It is expected that students, as adults, will be responsible for their behavior. The University holds individuals involved in damage responsible for repair or replacement costs. If the responsible individual is not found, all students of the wing/floor/house/apartment/area pay such damages, as the students comprise a community and are therefore responsible for the public area adjacent to their living spaces. In addition to meeting the financial burden in a fair and equitable manner, the common area damage program supports the community concept of self-governance in residence facilities and contributes to the prevention of common area damage. Damage incurred to common areas is repaired by the Campus Services staff in order to assure proper maintenance.

Dartboards

Metal tipped darts and dartboards that use metal tip darts are not allowed in any residence facility.

Door Propping

Propping open exterior doors is prohibited.

Electrical Devices

Any electrical/electronic device used in University facilities must be UL-approved and used solely for its intended purpose. University personnel will remove any electrical/electronic device used improperly or deemed unsafe. Owners can retrieve their property from a hall director or from the Office of Residence Life for the sole purpose of storing it elsewhere than on campus.

Furniture

In order to prevent the misuse or damage of University property, all furniture and fixtures in residence facilities must remain in place throughout the year and may not be disassembled or moved to another room/area. When a student vacates a particular living space, he/she is responsible for returning the space to its original condition. Students may not remove furniture or fixtures from lounges or other public areas for personal use. Waterbeds are not allowed in residence facilities as they may damage floors. Personal air conditioners are not permitted in student rooms. Taking University furniture or any non-weatherproof furniture outdoors at any time is strictly forbidden. Only weatherproof lawn furniture is allowed for outdoor use at any time, in accordance with Fond du Lac City Ordinance.

Game Tables

Game tables such as pool, foosball, air hockey, ping pong tables (including anything resembling a pong table), and arcade games are prohibited in residence facilities.

Guests

A guest is defined as anyone not assigned to the room/unit they are in. Resident students may host guests provided that they have approval of their roommate(s)/housemate(s). Resident students may only have three individuals registered as guests at one time. No guest may be registered to stay more than two consecutive nights. Residents who have guest(s) are responsible for informing their guest(s) of University policies and expectations. Each resident host is held accountable for the actions of their guest(s). Resident hosts are expected to be present at all times during their guests' visit. In the event of a conduct infraction, registered or unregistered guests may be escorted off campus. At no time should guests disrupt the living community or supersede a roommate/housemate's right to privacy.

Overnight Guests

Guests are welcome from 8:00 a.m. until midnight Sunday through Thursday and until 1:00 a.m. Friday and Saturday. Prior to any overnight guests, a signed Roommate Agreement must be submitted to the Resident Assistant. After the agreement has been submitted, residents are required to complete a Guest Request Form with their roommate two days prior to the guest arriving, which is forwarded to the Residence Hall Director or Resident Assistant. If a guest is staying past designated hours, they must be registered at One-Stop as an overnight guest. Overnight guests under 18 years of age must have the approval of a Residence Hall Director. Naber Hall residents may sign in their overnight guests at the Naber Hall Desk if it is open, otherwise hosts should find an RA and register the guest with the RA on duty.

Ledges, Platforms, & Roofs

Ledges, platforms, roofs, and building overhangs are restricted areas and students are strictly prohibited from any access to them. The platforms on the Courtyards are reserved for the sole purpose of fire safety platforms.

Lights & Signs

Christmas/decorative lights may not obstruct normal operation of the windows or block or interfere with entering or exiting the residence facility. Decorative lights cannot be secured to any handrails along stairways. Security lights may not be removed, covered, or altered in any way to enhance the effect of decorative lights. Outdoor Christmas lights may not be installed prior to November 15 and must be removed no later than the last day of fall semester finals. Special circumstances require approval from the Director of Residence Life. Alcohol signs of any kind are not allowed in windows. Halogen lights are restricted from all residence facilities. Exit/emergency/corridor lights are kept functioning and lit continuously in accordance with law and may not be changed to colored light bulbs. All other lights are turned off when they are not necessary.

Locks & Keys

Misusing keys, tampering with locks, damaging lock mechanisms, or blocking security or maintenance doors is strictly prohibited. Students are prohibited from placing their own personal locks on their room/apartment doors. Students are required to lock their room, apartment, and house doors. Students must carry their keys with them in order to protect their person and belongings. Students may not give their room/house keys to anyone for any purpose. If a student has locked his/her key(s) in a room, a Resident Assistant, Residence Hall Director, or Campus Safety Officer may let the student into his/her room at their earliest availability. If keys are broken or bent, the Residence Hall Director should be notified immediately to replace the broken or bent key. If keys are misplaced or lost, the Residence Hall Director should be notified in order to issue a re-core of the locks for missing keys. The number of doors, cost of labor, and number

of new keys to be cut will determine the cost for replacing the missing keys and new locks that is charged to the responsible student.

Maintenance/Housekeeping Walk-Throughs

On a weekly basis, Residence Hall Directors conduct a maintenance/housekeeping walk-through of all residence facilities in order to establish any maintenance concerns and maintain University property. Residents of the Cedar Creek Apartments, Courtyards 8-20, and Townhouses are responsible for the cleaning of their own units. If the unit is found in an unacceptable condition, the residents will be given 48 hours to clean or an outside agent will be contracted, and the residents will be held responsible for the cost. Any resident who fails to keep up his/her living environment risks the removal or denial of his/her resident status. Residence Life staff will also perform walk-throughs during vacation holidays and breaks. As a result of disciplinary action, unannounced walk-throughs may occur at any time.

Naber Hall Door Alarms

Activation of the door alarms will be 24 hours a day. Setting off the alarms will result in a \$100 fine for the responsible party.

Painting

The University coordinates all exterior and interior painting. Students are not permitted to paint their individual rooms. Special circumstances require permission from the Director of Residence Life.

Pets

Fish are the only animal permitted in University housing units. However, fish tanks may be no larger than 20 gallons (dimensions for high fish tanks may not exceed 24¼" × 12½" × 16¾" and dimensions for low fish tanks may not exceed 30¼" × 12½" × 12¾"). Proper maintenance of fish tanks is expected. Only marble or glass bead bottoms are allowed in fish tanks (gravel bottoms are prohibited). Please see the Comfort Animals policy if you require more information about a pet that acts as a comfort animal.

Quiet/Courtesy Hours

University-wide quiet hours begin at 10:00 p.m. Sunday through Thursday and 1:00 a.m. Friday and Saturday nights and end every morning at 8:00 a.m. Those hours not designated as quiet hours will be considered courtesy hours during which students extend courtesy to their neighbors by restricting the noise level of conversation, stereos, and any other electronic devices. Specific quiet hours may change at the discretion of Residence Life staff. Inherent in this policy is the understanding that students are chiefly responsible for holding one another to the established

community standards. The City of Fond du Lac noise ordinance begins at 9:00 p.m. Students should be aware of this and respect surrounding neighbors.

Silent hours (24-hour quiet hours) are in effect during the week of final exams. Courtesy hours are designated from 4:00 p.m. – 6:00 p.m. during the week of final exams. Students are to operate at “normal noise levels” when vacuuming or completing other tasks. To clarify, it is understood that cleaning and vacuuming may be necessary during silent hours, but care should be taken to be no louder than necessary. If a resident student confronts another asking to be quiet, students are required to comply and respect the request.

Residence Facility Entry

The University’s right to enter or search a residence facility is exercised with discretion. A reasonable effort will be made to have the resident present if it is appropriate and necessary. Before entering, authorized University personnel should knock, announce their name and position, and receive permission to enter (if the resident is present). In cases where personnel suspect the violation of a University policy, he/she may enter after knocking and announcing himself/herself. The following personnel may enter a student’s room:

1. Maintenance or housekeeping staff for routine maintenance or housekeeping functions.
2. Residence Life staff, Student Life Staff, or Campus Safety Officers
3. To resolve emergency situations (including, but not limited to: fire, accidents, sickness, or danger to student health and welfare as determined by the Director of Residence Life or the Dean of Students).
4. When there is evidence or reasonable information suggesting the violation of a University policy.
5. Residence Life and Campus Services staff for facility opening and closing and general housekeeping inspections.
6. Residence Life Personnel may enter common areas in an effort to build, develop, and sustain community throughout the day. Between the hours of 7 pm and 2 am, Residence Life Personnel (Resident Assistants) will enter common areas to maintain safe and civil living and learning environments.

Whenever a room is entered without the presence of the resident, University personnel will leave a note stating that the room was entered, by whom, and for what purpose.

When it is necessary for University personnel to enter a resident’s room for inspections (facility closings, vacation-time general housekeeping inspections, and regular maintenance checks) the student is given advance notice. The inspection may take place without the presence of the resident.

Resident Business Ventures

Residence facility rooms or common areas may not be used to carry on any organized business ventures (i.e. selling Avon, Tastefully Simple, or illicit substances of any kind).

Resident Mail

Resident students are required to check their assigned mailboxes on a daily basis. Mail for resident students, as well as student organizations, is distributed Monday through Saturday by 4:00 p.m. to the mailboxes located in the Hornung Student Center. Students are requested to include their first and last names and the specific address 750 E. Division St. as well as their mailbox number for their mailing address in order to send and receive mail. Packages too large for mailboxes may be picked up at One-Stop. The student's ID card must be presented to collect the package. No mail will be forwarded during the winter and spring interim breaks. Upon completion of the academic year and/or termination of the housing contract, resident mail will be forwarded to a designated address for 30 days, after which it will be returned to sender. If a resident is not returning to University housing, then the resident is responsible for providing the Office of the Registrar with his/her forwarding address. It is also the student's responsibility to notify businesses from which they receive mail (i.e. banks, credit card companies, magazines) of their change of address.

Room Condition

When a student occupies and vacates a room, the student is responsible for completing a Room Condition Report in conjunction with a Residence Life staff member. Failure to complete the report or note prior room condition issues will result in the student being held responsible for all room condition issues when the room is vacated. When vacating a room, it must be returned in the same condition as when it was first occupied. Damages to a room or failure to remove belongings subject all students in the room or housing unit to common area charges unless a specific student is identified as responsible for the damages.

Room Search

The University reserves the right to enter and search a residence facility if there is reason to believe that:

1. There is a possibility of imminent harm to a person or property.
2. There is a possible violation of University policy, or state or federal law.
3. Contraband items are present but may be concealed from view.

Reasonable suspicion is defined as knowledge suggesting that a violation of University policy or public law has occurred or may occur.

1. Authorization for a room search must be obtained from the Director of Residence Life (or designee).
2. University personnel make every effort to have one or all students present during the search and inform the students of the purpose of the search.
3. Searches may be conducted of rooms or belongings that may contain items in violation of University policy or state or federal law. This includes, but is not limited to: backpacks, bags, closets, desks, packages, or refrigerators.
4. The student will have the opportunity to cooperate and turn over any items under reasonable suspicion. If a student chooses not to cooperate, he/she will be informed that the search of the room and belongings will occur.

Roommate/Housemate Conflict Resolution

When roommates/housemates develop differences or conflicts that are adversely affecting their living/learning environment, the following steps should be followed to aid in resolving the disagreement:

1. A meeting should be held by all of the students involved in the conflict. Residence Life staff may be present at this meeting. A verbal and written agreement will be crafted at this time. All roommates involved should agree to comply with and sign the terms of the roommate agreement.
2. If the meeting agreement is broken, the students involved in the conflict should schedule a formal meeting with the Residence Hall Director.

When roommates/housemates have followed the appropriate steps and it has been determined that they have irreconcilable differences, they may request to no longer live together. The following policy will be upheld if the students choose to move: the resident whose paid contract was received the earliest will be permitted to remain in the room/house in question. The other resident will move out of that room and into another room on campus. In the event that both contracts were received the same day, the student with the longest resident status will be given the first opportunity to remain in the room/house. In the event that the students have the same status, higher total credit hours as stated on the student's Marian transcript will determine placement priority.

Screens

In order to avoid damage to screens and for safety reasons, students may not remove or tamper with window screens. In the event that a window screen has been removed or tampered with, the students of the room will face disciplinary action.

Smoke Detectors

Smoke detectors are located in all residence facilities as required by law. Fond du Lac City Ordinance requires each resident to sign a form at the beginning of his/her residency as to the

working condition of each smoke detector. Willful and/or malicious tampering with any smoke detector or fire safety equipment is prohibited. False activation of fire alarms will result in a fine up to \$500 for the responsible party.

Sports in Residence Facilities

Athletic activities are strictly prohibited in residence facilities due to the potential danger to students and facility damage. Such activities include, but are not limited to: basketball, baseball equipment, cycling, football, golf, hockey, lacrosse, skating, throwing objects, and water fights.

Vacuum Cleaners

Vacuum cleaners are available for resident use and can be checked out through the Resident Assistant. To check out a vacuum, the resident must leave his/her student ID with the Resident Assistant, which will be returned upon return of the vacuum. All vacuuming should occur before quiet hours.
